

Much of our ability to create a product that people absolutely LOVE is from our huge selection of clipart and fonts.

Our superior laser engraving capability enables us to offer an infinite combination of fonts and graphics because we can just put about anything on a brick with our laser engraver! Much of the clipart we use can be categorized by industry or the type of fundraiser. After you have decided on a limited list of special clipart that you would like your donors to use with their inscription, we will put together a customized menu of "allowable" clipart for your donors to choose from during the ordering process.

Just let us know that you want this premium service and we will add it to your order at no additional cost!

### Examples we assembled for clients

Customers are allowed one clipart engraved with the text for no additional fee. Fundraising Brick has developed recommendations that are shown below if you choose to allow your donors to select clipart to be engraved on their brick. Fundraising Brick is committed to working with our customers and developing an option that will work for you and your organization. Please keep in mind that these are just recommendations based on our experience to enhance the appearance of your brick. If your organization does decide to allow clipart for your donors, you will need to determine a layout option for the engraved bricks. All of the bricks that have clipart engraved will be laser etched with the same layout.

Please contact us for additional options or customization regarding clipart and we will be happy to accommodate your organizations requirements.

  - ❖ Layout #6 (Military Emblems/Seals)
    - All Military Emblems/Seals must be engraved 2" due to the detail in the graphic
    - Engrave with 3 lines of text clipart to the left or right of text

- ❖ Clipart engraved 1" tall (8X8)

    - Engrave with 4 lines of text with clipart above or below the text – **We recommend that you only engrave 3-4 lines max with the military emblem clipart. If you choose 3-4 lines of text instead of 6 lines of text, we can enlarge the clipart to 2.75" in size.**
    - Limit 20 characters per line

If you do not see the clipart that you want from our library of over 1500, contact us and we can generate custom clipart for your project.
